

1 July 2022

Dear Year 7 parents and carers

Around half of the 7s year group are going to be away on the Marchant's Hill Residential Trip next week. If your young person is going on this trip, you can stop reading now!

**The students who are remaining in school will have a bespoke timetable for the week.** This is not too different to their normal one, but has been planned to ensure they continue to have exciting learning encounters and still experience a broad and balanced curriculum.

This morning during Tutor Time I spoke to them all about this, and they had the opportunity to ask any questions. Later in the day **we gave them a paper copy of their timetable for next week** and there will be **spare copies displayed and located at both their old and new Hub spaces.**

Please do take a moment to check this timetable with them, especially looking to **see if they have a PE lesson on a different day to their normal PE lessons**, and would therefore need to remember their kit for that.

Homework will not be set next week, and any homework that is due next week will be carried over. Instead, the students going on the trip will be asked to write a report of their week, and the students remaining in school will be asked to write a book report which will be shared with their English teacher.

As Mr Smith (Head of Year 8) is accompanying the trip, **you should contact Mrs Williams (Head of Year 7) if you have any questions relating to students remaining in school next week**, [cwilliams@carringtonschool.org](mailto:cwilliams@carringtonschool.org).

Best wishes

**Mrs A Blackwell**  
Assistant Headteacher of Teaching and Learning
