

16 June 2022

Dear parents and carers

Tomorrow is forecast to be another extremely hot day, which on one hand is great but does make day to day life really tricky and can be a health concern for some people young and old.

We will continue to teach tomorrow, and in our new building particularly the temperature is being maintained and is quite comfortable. However we will need to be a bit more creative in some of the older buildings which are less ventilated.

To support we will be encouraging students to remain indoors during break-times, and the PE department will consider their curriculum offer.

Please can you encourage your young person to bring a water bottle that they can fill with water regularly through the day, and as needed apply sun cream and wear a sun hat.

Thank you for your support.

Miss K Oakley
Headteacher
