

7 July 2022

Dear parents and carers

On the morning of **Tuesday 12 July**, Mr Sorensen has arranged an alternative programme of fun and engaging activities both in school and at Mercers Lake for students in the **Future Learning Certificate** group.

These activities have been designed around health and wellbeing and will help [SHORTSTUDENTNAME] to build employability skills which will be great for their CV, and to help to secure jobs and apprenticeships in the future.

[SHORTSTUDENTNAME] has today received the following instructions for this event:

- *Arrive at school for registration in The Observatory at 08:30*
- *Wear your PE Kit*
- *It is forecast to be hot so bring a hat, suntan lotion and plenty of water*
- *Bring a mid-morning snack*
- *The activities will include a trip to Mercers Lake*
- *We will return to school by 12:30. You will be dismissed at this time and will not be expected in school after this point.*

If you have any questions, please contact Mr Sorensen; ksorensen@carringtonschool.org

Best wishes

Mrs J Pearce
Careers Lead & Excellence Co-ordinator
