

# Application for Provider Access

## Introduction

This document sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

## Pupil entitlement

All pupils in years 7-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events
- to understand how to make applications for the full range of academic and technical courses.

## Management of provider access requests

### Procedure

A provider wishing to request access should contact Jane Pearce, Careers Lead.

Telephone: 01737 764356 Ext 231

Email: [jpearce@carringtonschool.org](mailto:jpearce@carringtonschool.org)

## Opportunities for access

The school offers a comprehensive Careers Education, Information, Advice and Guidance programme and an overview of this programme can be seen on the Careers and Pathways pages of the school website under the Learning tab. The school Careers and Work-Related Education Guidance Policy can be found under the Info tab of the school website.

Please speak to Jane Pearce, Careers Lead to identify the most suitable opportunity for you.

The school will make a suitable space available for discussions between the provider and students, as appropriate to the activity. The school will also make available ICT and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Lead.

Providers are welcome to leave a copy of their prospectus or other relevant course literature with the Careers Lead so that this can be made available to students.
