

13 January 2025

Dear parents and carers

Is your young person interested in finding out more about **careers for the future?**

There are opportunities for **weekend experiences** in **March** for students aged **15** and **16** through the company **Investin**. With 15 different industries to choose from including business and finance, medicine & psychology, law & politics, tech and STEM careers, the programmes are designed to provide students with the perfect introduction to a potential career pathway.

The programmes are in person in London or online and will give a meaningful glimpse into the world of work. The experiences do carry a cost of **£195** for in person or **£165** for online but there are opportunities for the **costs to be covered** – particularly if you get free school meals or have a young carer.

If you have any questions, please let me know ([jpearce@carringtonschool.org](mailto:jpearce@carringtonschool.org)).

Best wishes  
**Mrs J Pearce**  
Careers Lead
