

18 December 2024

Dear parents and carers

We are excited to take a group of our KS3 students to the [Science Live! Ultimate Science Enrichment Day](#) at the Emmanuel Centre in London on the morning of **Friday 14 March**. We will see and hear from five of Britain's top scientists, all working at the cutting edge of their specialism. This is a great opportunity to hear scientists who are passionate in a range of fields, talk about recent developments and what excites them.

- Professor Lord Robert Winston
- Tobi Alegbe
- Dr Hannah Critchlow
- Dr Maggie Aderin-Pocock
- Tomi Akingbade

There are only 50 places up for grabs – if your young person is a keen scientist and would like to go, [CLICK HERE to request a place](#), the first 50 respondents will be allocated a place. **The form will close at midday on Friday 20 December** and we will notify applicants by email if you have been allocated a place or not. Successful applicants will then be asked to make payment of £25 (covering ticket and travel) on ParentPay; this can be paid in two instalments of £12.50 with the first payment due by 5 January.

We travel by train and foot; further details of timings will follow. Students will wear school uniform and should bring a packed lunch. Free School Meal students will be provided with a packed lunch by our Catering Contractor.

Best wishes

**Mr A Shah**

KS3/STEM Coordinator
