

18 July 2024

Dear parents and carers

As we approach the end of the school year, we are hoping all our 11s are enjoying this extra-long summer break. We have a few final things to tell you about before school closes for the holidays:

Collecting GCSE results on Thursday 22 August

We will be welcoming students into school to collect results in person from 10:00-12:00. They should come in via the normal Student Entrance and head to The Observatory. Families and friends are welcome to come in too and we will have staff on hand, including our Careers Lead Mrs Pearce, to help make decisions about next steps if necessary, and to celebrate their achievements with them.

Someone else, such as a family member or friend, can collect results if they bring written permission from your young person with them. If it is not possible to provide written permission on paper, an email from your young person providing the details of who they give their consent to, can be sent to Mr J David, our Exams Officer, on j david@carringtonschool.org. Results will also be emailed to all students' Carrington School email addresses as a PDF by 15:00. We are not able to send your young person's results to anyone except them. The PDF of the results should be saved so they have these to provide to colleges and for future reference.

Donating Old Uniform in Good Condition

If your young person still has items of uniform in good condition that you no longer need, we would be really glad to take these off you to help other families. Please bring these to our Reception Team, open between 08:30 and 16:30 Monday to Friday during term time.

Year Books and Certificates

In December the Exam Boards will send us the formal certificates for all our students' GCSE and BTEC qualifications and your young person will need to collect these and keep them safely forever. We will invite your young person to come and collect these and we will give out the Year Books at the same event. We will be in touch by email during October, with the date and time for this.

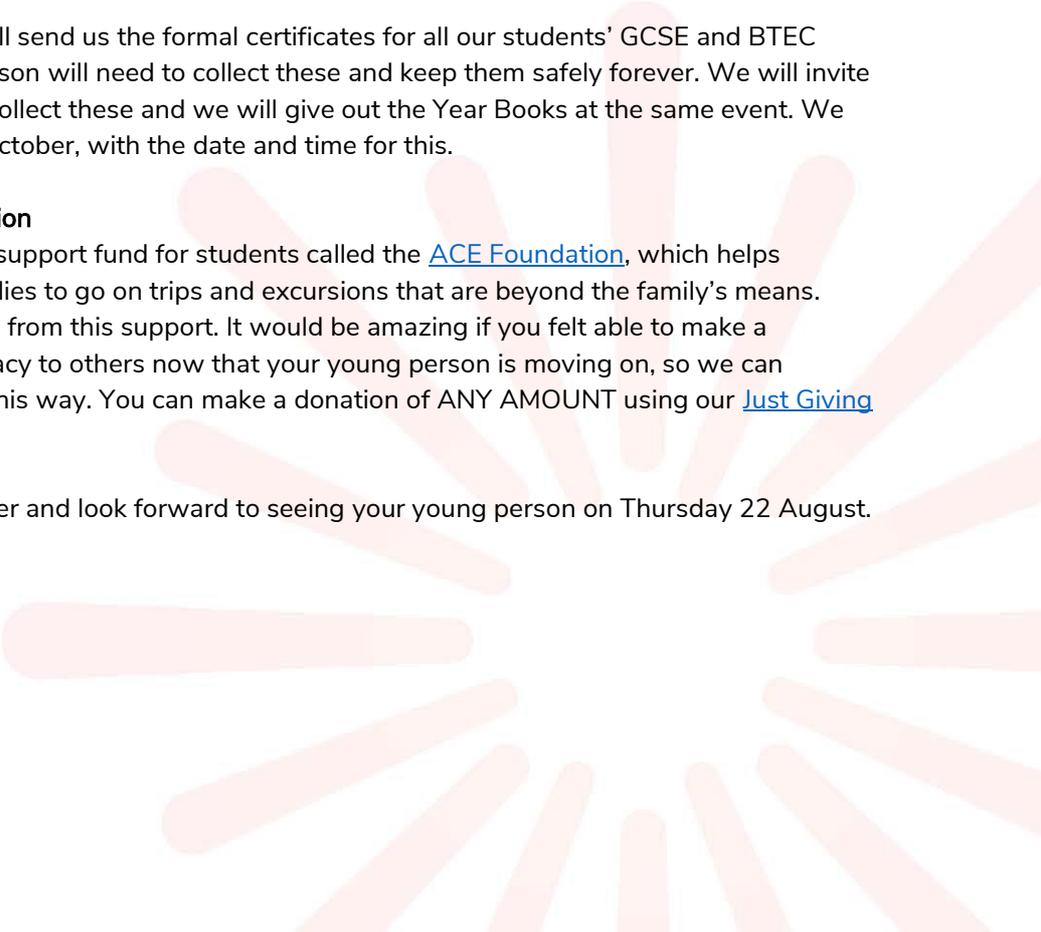

Make a Difference, Make a Donation

As you may be aware we have a support fund for students called the [ACE Foundation](#), which helps students from lower-income families to go on trips and excursions that are beyond the family's means. Some of you may have benefitted from this support. It would be amazing if you felt able to make a contribution to this fund, as a legacy to others now that your young person is moving on, so we can continue supporting students in this way. You can make a donation of ANY AMOUNT using our [Just Giving account](#).

We hope you have a good summer and look forward to seeing your young person on Thursday 22 August.

Best wishes

The Carrington Team

A large, faint, stylized sunburst graphic in a light pinkish-red color is positioned in the bottom right corner of the page, partially overlapping the text.
