

4 July 2024

Good morning.

On Arbor, all students have a **Maths, English and Science** assignment for today, which should **each take 20-40 minutes** to complete. These assignments are based in Seneca, our Remote Learning platform, and students need to use their school Microsoft account (Office365) to log in [Links - Carrington School](#).

There are also 2 project-based activities, one on the **Olympics** and one on **The Election**. Work for these should be either be emailed to their tutor or brought into school tomorrow and handed to their tutor. The best pieces of work as selected by their tutor will be rewarded with a sweet treat from Mrs Gray. Miss Oakley will judge the best from each year group to award a £20 Amazon voucher.

We hope everyone enjoys **Working From Home** today!

Best wishes
The Carrington Team
