

5 June 2024

Dear parents and carers

You may recall that during Pathways Evening in March, I said I would be in contact with you about how your young person can continue to study **GCSE Religious Education** during Year 10.

As you know, your young person has already been studying this course during Year 9 and we are offering the opportunity for them to continue to do so during Year 10. The benefits of doing this are:

- they will have one additional qualification compared to other students who do not choose to do this
- they have already completed half of the course content
- they will take the examination at the end of Year 10 so will already have banked this qualification before starting Year 11

**The course will be taught after school until 4:00pm for 2 nights a week from September 2024 until May 2025.** If you would like your young person to have this opportunity please click [here](#) to complete the form by **Friday 14 June**.

Best wishes

**Mrs M Basso**  
Senior Deputy Head Teacher
