

5 September 2024

On Friday afternoon we are holding a ClubFest to showcase to all our students the wide variety of enrichment activities available to them here. We want to help them understand the benefits of getting involved in something after school for their health and well-being, and to widen their skills and interests.

As a result of the altered arrangements for this afternoon, our 10s and 11s have the privilege of an earlier finish time of 1.30pm.

Best wishes
The Carrington Team.
