

7 June 2022

Dear parents and carers

Please see below the schedule for the End of Year 8 Assessments which will be taking place over the next few weeks in our normal timetabled lessons.

Some subjects are not holding formal, timed assessments but instead will be identifying your young person's progress through Ongoing Assessment practices, over a broader period of time.

Teachers have discussed the preparation needed for these assessments with students, and will post on [Go4Schools](#) guidance for the revision that is needed.
