For further information, please contact Karen Ehren, HR Officer on 01737 764356 x208 or hr@carringtonschool.org

Carrington School

As the Headteacher of Carrington School, I am delighted to share with you our journey of improvement. This school is an exciting place to work and the commitment of staff and students over the past few years was recognised by our 'good' Ofsted grading in May 2023. This was an incredible achievement which was then superseded by a really strong set of examination results, showing significant improvement year on year.

Our school serves the local community and smaller neighbouring towns and villages which border Redhill in Surrey. Carrington is a truly comprehensive school and is reflective of society in its diversity and academic abilities. It is an exciting place to work and we are constantly striving to reflect and improve on our offer to the students and our pedagogical practice.

The past few years have seen incredible changes within the school; in 2021 we moved into a new building, changed our name, values and created a clear vision about what we wanted our students to achieve academically and in their wider experiences and preparation for life beyond school. Our values of Aspire, Innovate and Respect underpin everything we do. We have worked hard at improving outcomes for students by broadening their curriculum offer and enrichment programme. We strongly believe in aspiring to provide an exciting programme that students will engage in and in doing so will create memories and build friendships. One aspect of this is our 'Excellence Programme' where once a week we drop down the curriculum and students in KS3 can choose from a range of activities, led and run by staff. These experiences encourage our students to take on new skills, to develop their talents, to leave comfort zones and to work with others from other year groups as well.

Outside of curriculum time, we are fortunate in having staff who provide a wide range of extra-curricular opportunities for our students, which is central to our Values. Sport plays an important part in the life of the school and we are successful in a number, including football, basketball, netball, cross country and athletics. Similarly, we have many opportunities for students to showcase and develop their talents in Music, Dance, Drama and the Arts, including our year 7 choir of the year, an annual school production which is held at the local theatre and many musical concerts. As a community hub we have relationships with a range of companies and community groups who use our school, share their skills within the excellence programme and extracurricular programme, and then offer high level experiences for those wishing to develop further. These include a variety of cadet groups, football, dance / cheerleading, gymnastics, cricket and judo. Approximately a third of year 9 students also engage with our Duke of Edinburgh Programme.

Professional Development is highly valued amongst our staff and we have a clear programme of training and development which involves all staff in research groups to support aspects of their work and to keep abreast of the ever-changing educational climate. We encourage innovative teaching methods, foster a vibrant and inclusive learning environment and promote the development of 21st century skills. In 2022 we received our Silver Investors in People Award. We want all of our staff to feel valued and to have a voice in the school. We also invest in Smart Clinic as our Employee Assistant Programme.

We have a PAN of 210 which makes up 7 teaching groups. In each year there is a hub system which is made up with a Head of Year, Senior Tutor and non-teaching 'Student Hub co-ordinator' and a group of tutors. These people all work closely together to ensure students are resilient, can work independently and can overcome barriers so they can get the best from their lessons.

As a school we are actively seeking individuals who share our passion for education and our commitment to student improvement. If you are someone with a drive for change, determination, and a desire to make a lasting impact on the lives of our students, we invite you to explore the possibilities of joining our dynamic team.

I would be delighted to discuss opportunities within our school further and extend an invitation to visit us to gain a deeper understanding of the exciting work we are doing. Together, we can shape the future of education at Carrington School and empower our students to create better lives for themselves.

Thank you for considering Carrington School as a place where you might contribute to the success of our students.

The ICT and Computing Department

The ICT & Computing Department works alongside Business Studies and has three members of staff, teaching across the subjects. The department has a strong reputation for collaboration and all resources are collectively created and improved to ensure that planning is made simpler for all teachers of the subjects. We have streamlined our approach to marking to enable teachers to spend more time providing useful feedback and improving their own practice while avoiding issues with workload.

The subject is very popular with students and we have tried to tailor our curriculum to strike the right balance between challenge and engagement to allow students to achieve well while still enjoying their learning. We offer a range of courses at both GCSE and Btec including Digital Information Technology. We are continuously looking to establish the best course for each cohort to enhance their learning and meet their needs. All students study Computing in every year at Key Stage 3.

Job Profile

Post Title	Subject Leader of Computing and Business Studies
Line Manager	Member of the Senior Leadership Team
Line Management of :	Subject team members
Job Purpose	To lead your team of subject teachers to ensure that they and you can teach to the highest standards, and help students grow as young people. To ensure students have access to a range of opportunities to support their well-being and physical / emotional development so that they are in a good position to make progress in their academic studies

Whole School Organisation, Strategy and Development

- ✿ To contribute to the development, implementation and evaluation of the school's policies, practices and procedures in such a way as to support the school's values and vision
- ✿ To work with others on curriculum and/or student development to secure co-ordinated outcomes
- ✿ To supervise and, so far as practical, teach any students where the person timetabled to take the class is not available to do so, subject to the provision that teachers are required to cover only rarely

Fulfil wider professional responsibilities

- ✿ Make a positive contribution to the wider life and ethos of the school

Health, Safety and Discipline

- * To promote the safety and well-being of pupils
- * To maintain good order and discipline among pupils

Manage behaviour effectively to ensure a good and safe learning environment

- * Have clear rules and routines for behaviour in classrooms, and take responsibility for promoting good and courteous behaviour both in classrooms and around the school, in accordance with the school's behaviour policy
- * Have high expectations of behaviour, and establish a framework for discipline with a range of strategies, using praise, sanctions and rewards consistently and fairly
- * Manage classes effectively, using approaches which are appropriate to pupils' needs in order to involve and motivate them
- * Maintain good relationships with pupils, exercise appropriate authority, and act decisively when necessary

Management of Staff and Resources

- * To direct and supervise support staff assigned to you and, where appropriate, other teachers, in an effective way
- * To contribute to the recruitment, selection, appointment and professional development of other teachers and support staff
- * To deploy resources delegated to you

Fulfil wider professional responsibilities

- * Deploy support staff effectively

Professional Development

- * To participate in arrangements for the appraisal and review of your performance and, where appropriate, that of other members of staff
- * To participate in arrangements for your further training and professional development and, where appropriate, that of other teachers and support staff, including induction.

Fulfil wider professional responsibilities

- * take responsibility for improving your knowledge and skills through appropriate professional development, responding to advice and feedback from colleagues

Communication

Fulfil wider professional responsibilities

- * To communicate effectively with parents with regard to student achievements and well-being, as appropriate to your role

Working with colleagues and other relevant professionals

- * To collaborate and work with colleagues and other relevant professionals within and beyond the school

Fulfil wider professional responsibilities

- * develop effective professional relationships with colleagues, knowing how and when to draw on advice and specialist support

Safeguarding

The successful candidate will be subject to a satisfactory enhanced disclosure from the Disclosure and Barring Service (DBS). Carrington School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment
