

A photograph of three students sitting on a green lawn. A young woman on the left is holding an open book and looking towards a young man in the center. The young man is also holding an open book and looking towards a young woman on the right. They are all smiling and appear to be engaged in a study session. In the background, there are large trees with reddish-brown leaves, suggesting an autumn setting. A brick building is partially visible behind the trees. A black banner with white and green text is overlaid on the right side of the image.

sixth form education at its best

**Looking Ahead to Year 11**

# Leaving school

- In 12 months you'll be leaving The Warwick School
- The law says you have to be in training or in education until the age of 18
- So what are your options?

# Post -16 options

- A job with training prospects
- Enrol on an Apprenticeship Scheme
- Continue your education at a College or Sixth form.

# The case for going to College...

- The more qualifications you have, the better the chance of getting a good job – this is a proven statistic.
- Reigate Sixth Form College works closely with your School
- Normally at this time, we would be looking ahead to Taster Days. These are not possible in the current climate. Nevertheless, you should still be thinking ahead...

# Reigate College

- Specialises in a general academic education, offering subjects you have studied at GCSE, plus new subjects.
- Graded '**outstanding**' by Ofsted
- Majority of students study 3 subjects, some study 4 depending on GCSE profile.
- We have over 50 subjects for you to choose from. Do your research...  
<http://www.reigate.ac.uk/a-z-course-listing>
- You can study A-Levels, BTECs or a Mix & Match of both.
- A levels are assessed predominantly by exam, BTEC are assessed by coursework and some exams.
- A levels; the assessment is at the end of the 2 years, BTEC; the assessment is spread out into 'manageable chunks'.
- Different subjects have different entrance requirements. Based on your year 10 reports, will you have the qualifications to study that subject?
- Students are Full time - Attend college 5 days per week .

# Reigate College

- You are guaranteed a place at the College as long as **you meet these requirements:**
  - Meet minimum entrance requirements - To qualify for Level 3 study, you need **five or more grade 4's** and above at GCSE (or equivalent).
  - Excellent attendance
  - Excellent punctuality
  - Good/Excellent reference from the School.

# Reigate College: Course options

**Think... what course do you want to study? What subjects do you enjoy?**

**A levels or BTECs?**

**Maybe you have a career in mind – what subjects do you need for that Career?**

**New subjects may sound good, but are they really for you? Do your research.**

## Student profile

Name: Joel

Previous School: Warwick

Subjects: Biology, Chemistry, French, Maths

How have you found the teaching and support staff?

My teachers have all given me the support I've needed to push me to do my best and have genuinely wanted me to succeed. The Careers Department and Aspire Programme were also helpful when I was preparing my UCAS application.

What do you like most about being a student at Reigate College?

By providing all the resources as well as support when needed, the College allows you to take control of what you do when you're not in lessons. This has definitely made me much more independent and helped me develop essential skills such as time management and organisation.

What are your plans for the future?

I've got a place to study Biochemistry at St Hilda's College, Oxford. This opportunity was made possible thanks to the help of the College.

## Student profile

Name: Eve

Previous School: Warwick

Subjects: Law, Business, Sociology

What do you like most about being a student at Reigate College?

I like the independence; it's not something I experienced at school. Being able to manage my own workload and studies has really helped me mature and prepared me for the workplace.

How have you found the teaching and support staff?

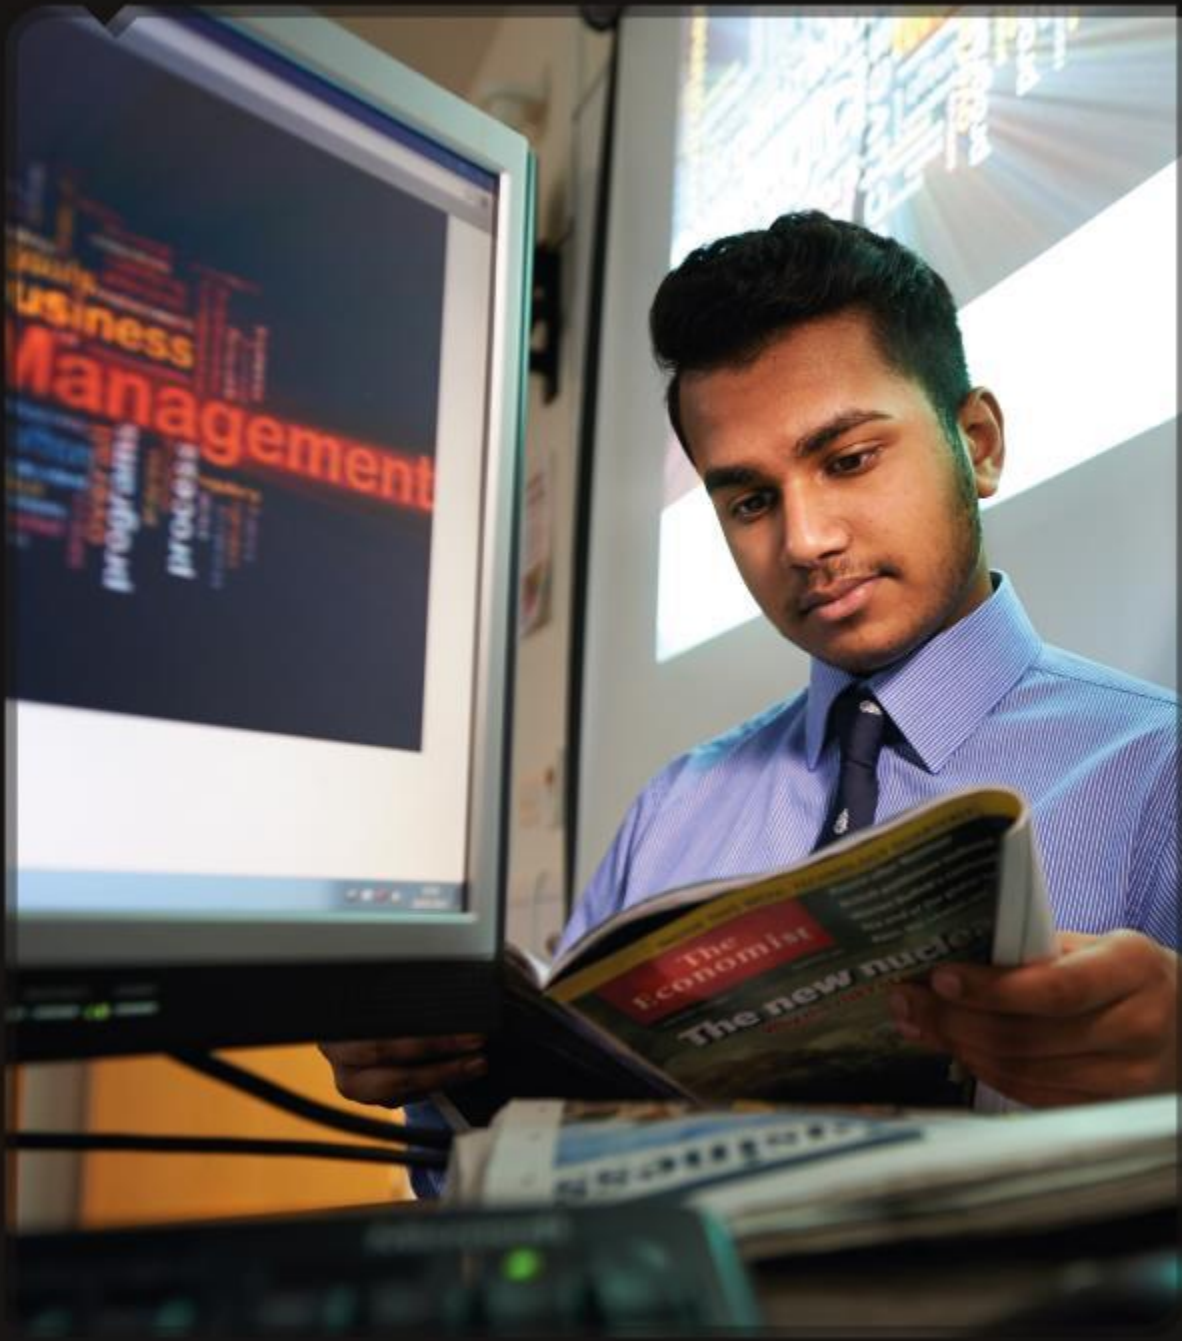

There is a vast range of support widely available. I found the Careers Department especially helpful regarding applying for apprenticeships. Learning Support made my transition between school and College much smoother by identifying ways to support my learning needs.

What are your plans for the future?

I've been offered a Degree Apprenticeship in Business Management with the BBC. The three-year course will give me a degree in Professional Management, paid for by my employer.

# What next?

- As stated already, do your research...
- I will be back in September (hopefully), to present info on How to apply to the College
- Look out for the College Open Evenings (see websites):
  - 6.30pm to 8.30pm on:
  - 1<sup>st</sup> Oct, 5<sup>th</sup> Oct & 6<sup>th</sup> Oct 2020
